Box of vaccines is placed into a super-cold freezer yesterday

Better inoculate than never . . . jab

By **MICHAEL DOYLE**

OUR first batch of 9,750 Covid vaccines is carefully put into cold storage after arriving yesterday. The miracle Pfizer drug will start to be administered on Wednesday, with elderly care home residents the first to be inoculated. Health Minister Stephen Donnelly said the jab will "save many lives". Yesterday, 1,296 Covid cases were confirmed — the highest to date.
